## TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Goshen in the County of Sullivan in said state, qualified to vote in town affairs.

You are hereby notified to meet at town hall in said Goshen on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

Art. 1. To choose all necessary town officers for the year ensuing.

Art. 2. To choose a trustee of trust funds for three years ensuing.

Art. 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

Art. 4. To raise and appropriate such sums of money as may be necessary for the repair of highways and bridges.

Art. 5. To see if the town will vote to apply for State Aid for permanent improvements of highways and raise and appropriate the necessary money therefore.

Art. 6. To raise and appropriate the money necessary for State Aid maintenance.

Art. 7. To raise and appropriate the money necessary for trunk line maintenance.

Art. 8. To see if the town will vote to raise \$ 1369.08 to repay the State Highway Department for money expended on trunk line maintenance, and pass any vote relating thereto.

Art. 9. To see what sum of money the town will vote to raise and appropriate for the Library.

Art. 10. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

Art. 11. To see what action the town will take in regard to letting the town's people have use of the town hall and pass any vote relating thereto.

Art. 12. To see if the town will vote to purchase a road machine, and pass any vote relating thereto.

Art. 13. To hear the reports of selectmen, and other town officers, heretofore chosen, and pass any vote relating thereto.

Art. 14. To bring in your votes for the election of Delegates-at-Large, Alternate Delegates-at-Large, District Delegates, Alternate District Delegates to the National Conventions of the Democratic and Republican parties; to be held for the purpose of nominating party candidates for President and Vice-President of the United States.

Given under our hand and seal, the Twenty-second day of February, in the year of our Lord nineteen hundred and twenty-four.

## REPORT OF LIBRARY COMMITTEE

We are glad to report a year of unusual prosperity for the library. Over 250 volumes have been added to it, 23 of them by purchase, and the others by the generous gifts of Miss M. Z. Parker of Chicago, Miss Myra Drake and Miss May E. Howard of Washington, D. C., Mrs. F. C. Stevens of Plymouth, Mass., and Mr. and Mrs. W. J. Pettis of Brookline, Mass. To all these friends our hearty thanks are due. The books given by Miss Parker were accompanied by a check for \$ 200.00 to be used as a trust fund for the upkeep of the books given by her. She purposes to send another installment of books next month.

Mrs. J. B. Gocha was our librarian until her removal from town, Nov. 1, since which time Mrs. Otho Nelson has very acceptably filled the position, and we hope to retain her services for the coming year.

## REPORT OF AUDITOR

I, the undersigned, have examined the accounts of the treasurer and school board for the year ending June 30, 1923, and find them correct.

Russell Whitney, Auditor.

## SUPERINTENDENT'S REPORT

To the School Board of Goshen:

I take pleasure in submitting to you my first annual report. This summary of your school situation is based on information gathered from your schools since October first.

Goshen is rather fortunate in being able to centralize her school activities at three centers. Many towns having no more pupils have to support them in more school units. It is very evident that as long as the population is distributed as at present it will not be possible or desirable to attempt to disturb the present arrangement. Consolidation for a town like yours may be talked and proposed at different times but it is my experience that those who suggest it are not acquainted with all conditions that obtain at all times of year.

### MAINTENANCE OF THE SCHOOL PLANT

Some much needed repairs and changes have been made at school number five during the past year. The arrangement of the school room as well as the seats urgently need attention as soon as possible. The present lighting of the school room is very unsatisfactory. These changes need not entail a large expense.

Another sadly needed change at this school is to provide a suitable playground for the children. My first impression and memory of this school was to the effect that the children had been playing in the road and were somewhat bruised and bleeding from the experience. The teacher informed me that it was only the usual condition that I was observing. Provision for this playground should be of first importance at all the schools.

The Center school house and room seem to be very adequate for the needs there. As soon as the blackboard is installed the school's necessities will be well cared for. At the Mill Village school the plant and playground facilities are very adequate. This school was sadly in need of usable blackboard space. This matter is already being remedied.

## PROMOTIONS

Whenever a normal child attends school regularly for a school year it is entirely reasonable for the parents to expect them to be advanced one year in the grades. This can usually readily be done if the working equipment of the school is provided and satisfactorily organized. I placed in the hands of the teachers early in the fall, at the first teachers' meeting to be held by me in the Union, a list of all the text book materials in use in the schools. When these were properly arranged according to the grade of difficulty of each book, I found that several necessary books were missing from the several grades. These were written into the outline and purchased for the schools. At the end of the year, with a full complement of properly graded materials in the hands of all pupils, I shall expect results which will merit almost uniform promotions. This will not only be pleasing to the patrons of the schools but to the teachers and to me.

The schools exist primarily for the pupils and I desire for nothing to stand in the way of their advancement which we can reasonably provide. Retardation and non-promotions are waste in education and we should do all in our power to prevent them. To successfully bring this about it is the duty of the superintendent to provide capable teachers which is imperative due to the state requirements. It is incumbent upon us to properly equip the schools for getting results. These things being done it becomes imperative for us to see that the children make the school their business and for us to help them to make that business a success which in turn is good training for the later out-of-school activities in life.

It has been a pleasure for me to work for the schools of Goshen as no obstacle has been put in my way for doing the work properly for which I am very grateful. I have not had the pleasure of meeting many of the town's citizens but my dealings with what few I have met have been of the pleasantest nature.

I am formulating plans for a Gala Day during the last week of school at which time we can all meet at some suitable central place in town where the several schools will present the forenoon's entertainment. A picnic lunch will be in order for the noon recess and the afternoon will be spent in sports and social activities. I choose to call this day "Flag Day" as it usually falls on or near that day, the twelfth of June.

I am presenting, herewith, a tentative school calendar which it may be necessary to revise due to weather or traveling conditions. However, we will try to conform to it. A week or so, one way or the other on the opening or closing of schools can readily be made to accommodate the local demands of the neighborhood.

It is my plan and desire to organize the schools of Goshen so they will be a source of satisfaction and pleasure to all concerned. By the continuance of the splendid support I have received to date and by concerted action on the part of all, I can see no reason why we should not have schools that will produce results adequate to all our Educational requirements and this without imposing a burden on anyone.

Respectfully submitted,

True C. Morrill.
